FEEL GOOD YOGA

March 2011 + edits

Namaste Laura,

Snow and weird weather aside, Happy Spring everyone! Positive change is in the air! Open your eyes and see the beauty all around you in the cherry blossoms and the longer, brighter days. To be a yogi means that we allow our hearts, minds and breath to align with the universal life force. This is not a path of denial. Aligning ourselves with the universal means enjoying that time out to watch your favourite TV show, take a nap in the middle of the day, eat a piece of chocolate or drink that glass of wine. It also means opening up our hearts to the knowledge that everyone, ultimately, wishes the best for us. To wish anything else would be to go against ourselves. In reality, we are all connected. We are all one.

Om Hraum Mitraya,

Laura
