## June 2017

Re: Staying Open

Namaste FGY,

We have positive news to share - the studio will be staying open for the month of June and likely ongoing after that.

The pending sale of the business is very likely to complete in the near future as positive discussions with the buyers are continuing. If the sale goes through, we are looking at a tentative transition date of July 1st.

Laura and Pelle are so grateful for your patience, supportive messages, and loyalty during these challenging times. It's largely thanks to all of you and your support that they have been able to work through these negotiations and come up with a viable solution.

More information will follow...

Thank you!  
Feel Good Team
